

## **2009-10 Provincial Character Development Resource Teams**

Eight character development resource teams were established in December 2006 to support board implementation processes and practices across the province. Five teams support English public boards, one team supports English Catholic boards, one team supports French Catholic boards and one team supports French public boards.

Boards assigned to the Eastern, Central and Southern Teams have been reorganized to reflect geography and facilitate networking, effective September 1, 2009. The Northeastern, Northwestern, Catholic and both French Provincial Character Development Resource Teams will remain in their past structure for the 2009-10 school year.

Team leaders will contact their boards directly to develop 2009-10 plans. Boards are encouraged to work together as learning communities to access the provincial funding available for character development projects that support the learning, achievement and overall success of their students.

### **Northeastern Boards: Leader: *Lucia Reece, Superintendent, Algoma DSB***

- Algoma DSB
- DSB of Ontario North East
